

Nomination Form for President, Vice President, or both

SECTION I	
Nominee	<p>Name: Liraz Fridman</p> <p>Affiliation: City of Guelph</p> <p>Address: 1 Carden St Guelph ON N1H3A1</p> <p>Telephone: 519-822-1260 extension 3620</p> <p>E-mail: liraz.fridman@guelph.ca</p>
Eligibility Status	By completing this form, I certify that I have been a Board Director, in good standing, for at least one year. Good standing means that you have not missed three or more consecutive Board Director meetings without previously notifying the Chair or Executive Director with a valid reason.
Position(s)	President, Vice President or Both (circle those that apply)
How have you contributed to the Board's activities in the past year AND/OR to the activities of other similar Boards of Directors? (300 word maximum)	<p>My situation is a bit unique in that I was on parental leave in 2024 and returned recently. However, prior to my absence I helped organize/suggested content for the annual CARSP conference that took place in Ottawa in 2024. I have also supported the knowledge base by suggesting content/webinars for the ongoing membership. Prior to my leave I attended all board meetings and was part of the M&M committee.</p> <p>Additionally, I am a part of the TAC Road Safety Committee, Parachute's Executive Advisory Committee, the Ontario Vision Zero Alliance and the OTC Research and Innovation Committee. I have been instrumental in providing guidance and direction to the above boards by writing reports, research papers, suggesting webinar content, and organizing panel/presentation discussions at annual summits and conferences.</p>

<p>What is your vision for CARSP's future and what do you hope to accomplish over the next year? (200 word maximum)</p>	<p>CARSP has always been an inspirational institution as it seeks to bridge the gap between many practitioners that work in diverse spaces of road safety including public health, engineering, enforcement and equity. In 2023 during the joint ITE/CARSP conference there was an apparent divide between engineering practitioners and public health researchers. Although we are making significant strides in breaking down barriers between all these groups that have a role to play in the safe system and Vision Zero we still ultimately are speaking different languages. I want CARSP to continue to be a leader in the road safety space by giving a voice to unique players in the field and ones that have unconventional backgrounds. I also believe that integration in the global sphere through the decade of action needs to continue to be a focus area for the board of directors especially as it relates to connecting with youth.</p>
<p>Nominee</p>	<p>Signature: Liraz Fridman Date: April 14 2025</p>
<p>SECTION II (FOR THOSE NOT SELF-NOMINATING)</p>	
<p>Nominator</p>	<p>Name: Affiliation: Address: Telephone:</p>
